

Seif Eldin Sameh

Full Stack Web Developer

Cairo | +201060865699
seiffsameh00@gmail.com | [LinkedIn](#) | [GitHub](#)
[Portfolio](#)

Developed and implemented cutting-edge web solutions as a skilled full-stack developer with 3+ years of experience. Utilizing ReactJS, Next.js, Node.js, and MongoDB, delivered secure and high-performing applications that increased conversions by 20% and improved overall performance by 30%.

EXPERIENCE

Chief technology officer

Dec 2022 - Nov 2023

Golden Hornet, Egypt, Cairo

- Led and executed tech strategy to deploy state-of-the-art technologies, restructure and optimize systems landscape, and reduce operational costs by 35% over a year period
- Developed an architectural roadmap based on existing infrastructure and future goals, implemented a new large-scale agile platform for faster feature release, and facilitated successful integration of 25+ technologies into the platform
- Led team of 20+ technology professionals to successfully deliver projects on time and budget, meeting all quality and safety standards

Web Instructor

Sep 2022 - Sep 2023

IEEE Obour Institutes, Egypt, Cairo

- Pioneered and implemented a web design and development curriculum for students aged 19-25, encompassing HTML, CSS, and JavaScript coding.
- Leveraged engaging, practical instructional methods to foster a learning environment
- Monitored student progress through robust online analytics systems, resulting in a 40% surge in satisfaction ratings and a subsequent 56% improvement in overall performance
 - Streamlined the web development and design curriculum by 30%, slashing completion time to a mere 8 weeks

Front End Web Developer

Apr 2021 - Sep 2022

Exception Designs, Egypt, Cairo

- Created comprehensive front-end solutions for multiple web applications, resulting in a 20% reduction in development time
- Improved ReactJS components, utilizing TypeScript, HTML, and CSS to increase performance. Utilized Redux to manage state across the application
- Increased web page speed by 30% with optimization techniques such as minification, image optimization, and caching

EDUCATION

Bachelor of computer science - Computer Science

2020 - 2024 (Expected)

Obour Institutes, Cairo
